

## Sizzling Turnaround Licks

By Jason Kokoszka

Blues musicians, regardless of experience, are always looking for new ways to keep this time-honored form fresh and interesting. One way to breathe life into your blues is to learn hot, new turnaround licks. In this issue, you'll be given a series of turnaround licks that can be easily adapted for use as intros and endings for your favorite blues tunes. For more information on blues turnarounds, check out the Theory Corner for an excerpt of Dennis McCumber's book, *The Total Blues Guitarist*, available through Alfred Publishing.

Below are some turnaround licks for guitar and keyboard. These parts do not make up a larger composition; each lick is intended to stand alone. The chord symbols refer to the harmonic context of each lick. Have fun, and keep boogeying!

### Guitar

The first turnaround lick is in the key of G and starts with a descending triplet figure that leads to the I chord, G7. The short single-note phrase beginning in measure 10 brings us to a series of partial chords in measure 12 that move chromatically from C7 to D7.

9 E7 A9 D7 G7 C7 C#7 D7

3 3 3 1 1 2 3 1 3 1 3 1

3 4 2 4 3 4 1 1 3 3 3 3

1 1 1 2 2 2 2 3 4 5

T 4 7 5 5 3 4 0 1 2 3 1 1 1 1 2 3

A 4 7 7 6 6 5 5 4 0 1 2 3 2 2 2 2 3 4

B 4 7 7 6 6 5 5 4 0 1 2 3 2 2 2 2 3 4

# Keyboard

The first lick is in the key of F and adds some alterations to spice up the usual dominant harmonies we might hear in this style. The high G-note in the right hand is repeated until beat 1 of bar 11. Be aware that the left hand is playing in the treble clef to support such right-hand chord voicings more effectively.

## Swing Eighths

The musical score is written in 4/4 time with a key signature of one flat (F major/D minor). It consists of two systems of music, each with a grand staff (treble and bass clefs).

**System 1 (Measures 9-10):**

- Measure 9:** Chord C9. Right hand: Treble clef, notes G4, A4, B4, C5 (repeated eighth notes). Bass clef: notes F4, C4, F3, C3 (quarter notes). Fingerings: RH (5, 3, 3, 3, 3), LH (5, 1, 5, 3).
- Measure 10:** Chord Bb13. Right hand: Treble clef, notes Bb4, C5, D5, Eb5 (repeated eighth notes). Bass clef: notes F4, C4, F3, C3 (quarter notes). Fingerings: RH (5, 3, 3, 3, 3), LH (5, 1, 5, 3, 2, 1).

**System 2 (Measures 11-14):**

- Measure 11:** Chord F9. Right hand: Treble clef, notes F4, G4, A4, Bb4 (quarter notes). Bass clef: notes F4, C4, F3, C3 (quarter notes). Fingerings: RH (5, 2, 1), LH (1, 2, 5).
- Measure 12:** Chord F9. Right hand: Treble clef, notes F4, G4, A4, Bb4 (quarter notes). Bass clef: notes F4, C4, F3, C3 (quarter notes). Fingerings: RH (5, 3, 4, 2), LH (3, 3, 3, 3).
- Measure 13:** Chord C7. Right hand: Treble clef, notes C4, E4, G4, Bb4 (quarter notes). Bass clef: notes F4, C4, F3, C3 (quarter notes). Fingerings: RH (5, 2, 1), LH (1, 5, 5, 5).
- Measure 14:** Chord Bb7. Right hand: Treble clef, notes Bb4, C5, D5, Eb5 (quarter notes). Bass clef: notes F4, C4, F3, C3 (quarter notes). Fingerings: RH (5, 2, 1), LH (5, 5, 5, 4).

Finally, we'll play a lick in C. Again, the grace notes in the right-hand part are essential to giving this phrase a bluesy feel. The left hand plays a common boogie figure in bars 9 and 10 and adds some contrasting voicings and rhythms before the end.
